

Soad Hossain — Introduction

Soad Hossain

February 2026

1 Introduction

Hello, My name is Soad Hossain and I am a computer science major; Junior at New York Institute of Technology. In this project, My role was to write Latex introduction. I contributed by using my prior programming knowledge of using Latex and other software engineering skills to build the resume, I have experience in making my own resume using Latex, which allows me to gather information of everyone experience and build a introduction.

Skills : [HTML],[MySQL],[Firebase]
